# PRESTON TABLE FRAME

## ABOUT THE PRESTON TABLE FRAME

With its patented pending design, the Preston Table Frame is built strong for heavy commercial use. Available in an Aluminium or Steel Powder Coated Heavy Duty Frame, the unique design allows them to be easily knocked down and assembled, making them perfect for transporting and storage. Available in an array of sizes, at table or dry bar height, and with the option of adding castor wheels, these frames are perfect for all occasions. Stocked in White, Black & Silver.
