

Coral Round Table Base (Made in Australia)

Brand: Durabase

The Coral Table Base is designed and manufactured in Australia. Designed for maximum strength it is built to withstand the roughest and toughest conditions. The Coral is manufactured in quality zinc-rich primed (offering superior long-term protection from corrosion) steel and powder coated to high standards. The Coral is supplied in flat-pack form to minimise freight cost and to prevent damage during transport. It is easy to assemble and supplied with quality hardware. If you are looking for a quality, longlasting, problem free table base the Coral is definitely the best and only choice for your customer.
